

# Bandicam 1.8.4 Version Update

1. Gray-colored icon located in the tray (Signifies being paused).

## 2. Bugs fixed

- Bandicam was not responding when the game screen changed (Resizing, Alt+Tabbing, or loading a screen) in some games.

- If the user recorded continuously for several hours: an error window would pop up after clicking the Stop button.

- The 'Run Bandicam when Windows starts' option didn't work if the UAC is turned on.
